A usability study is a way to learn more about something. We would like to find out more about how you learn and interact with the SMART Learning Suite Online platform in class. If you agree to join this study, you will use the app in a classroom-like setting.

This study will help us to learn how you use the app and if the app works in the classroom. We need your help for this, so we will ask you couple of questions regarding the usage of the app. We will record a video of you using the app and then you can tell us how you liked or disliked the app.

You do not have to join this study. It is up to you. You can say okay now and change your mind later. All you have to do is to tell us you want to stop. No one will be mad at you if you don't want to be in the study or if you join the study and change your mind later and stop.

Before you say yes or no to taking part in this study, we will answer any questions you have. If you join the study, you can ask questions at any time. Just tell the researcher that you have a question.

If you have any questions about this study please feel free to contact: Dawn Ferguson 407-760-0498 [dawnferg@uw.edu](mailto:dawnferg@uw.edu), or Jeff Matarrese 206-503-3942 [jeffmat@uw.edu](mailto:jeffmat@uw.edu), or Shreyans Gandhi 206-887-8604 [s@igandhi.com](mailto:s@igandhi.com).
